JA JobSpark Virtual is a hands-on, minds opened career exploration program for students grades 8–12 brought to life by a coalition of industry leaders and educators led by Junior Achievement of Southwestern Indiana. At the center of our work is a two-day career exploration and connection event designed to launch students into their futures: high school, post-secondary education/training, and careers beyond.

- Thousands of 8th-12th grade students from school districts across Southwestern Indiana and Southeastern Illinois
- Formally integrated curriculum, pre- and post-event
- Interactive showcase of careers from our region
- Virtual exhibitor booths allow sponsors to feature on-the-job videos, live industry Q&A's, live industry cluster demonstrations, and downloadable information
- 24/7 access to JA JobSpark virtual platform after live virtual event

Please indicate which cluster(s) you'd like to join. You may be involved in as many clusters as you wish for one fee!
